

MOLD FINISH GUIDES

STEEL INSERT EXAMPLE

Front

Back

Manufactured by Bales Mold Service, this SPI Mold Finish Guide shows several finishes, including several diamond comparisons, for measurement of tooling surfaces. The gauge is easy to read and includes data on the back to cross-reference the Roughness Average (RA) and SPI scales.

The 72 HRC surface hardness prevents damage or wear to the finishes after continual usage. In addition, the 3.5" x 6" guide is stored in a plastic sleeve for safe handling.

Mold finish guide designed and developed by:
