

*“We specify only Progressive’s Z-Series Alignment Locks in all our tools to guarantee the best performance.”*

Randy Smith, C&J Industries

## PREVENT MOLD DAMAGE

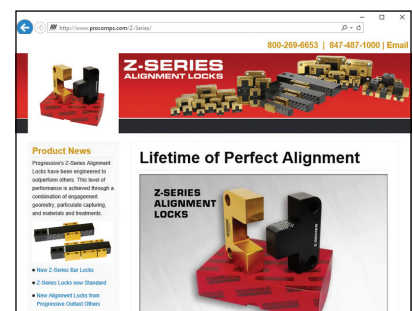

C&J Industries saw others' locks galling at less than 30,000 cycles, and after replacing with Progressive, “the locks look like new after cycling four times longer. We guarantee our molds for ten years, and only Progressive guarantees their locks for the life of the mold.”

Progressive’s products are proven to go the distance:

- No wear after cycling 500 times longer than “look-a-like” locks
- Available in Bar Lock, Guide Lock, Side Lock and Top Lock styles

If your current supplier has components causing downtime, contact Progressive’s Engineering Team at 1-800-269-6653 to secure unmatched productivity for the life of your tools.
